Subject: RE: post article

I've copied the editorial into a Word document and inserted my comments. The doc is on the H drive, entitled "EPA Response to Post Dispatch 020414 Editorial." Per KB's direction, I responded to the Superfund/FUSRAP comparisons.

See Draft 2-7-14 Congressional Briefing Talking points on H drive (no subfolder). I'm going to copy paste some of the misinformation from the article so that we can develop responses.

I'm out the afternoon of 2/6 and 2/7.
